

Hoist Repair Training at Customer Location

Learn the proper methods for servicing your Sky Climber hoists and how to safely use suspended access equipment. This comprehensive 3-day course mixes theory with hands-on instruction; including presentations, demonstrations, and bench repair.

The course material includes the following:

- Disassembly, inspection troubleshooting and re-assembly of the mechanical portion of LNX, Compact and Alpha hoists only.
- Disassembly, inspection troubleshooting and re-assembly of Sky Locks type II and type III.
- Inspection and repair of air motors (Spitznas & Gast Only) used in Compact and Alpha hoists.
- Electrical theory and troubleshooting of electrical motors.
- Wire rope specifications and their preparation for use.
- Personal fall arrest equipment requirements.
- OSHA, ANSI and UL regulations.

Attendees who successfully complete the service training courses selected are issued Certificates of Completion valid for 3 years. You may choose to be trained on all hoist models or select one model course. The Applications/Safety Training course may be taken alone or in connection with service training. Attendees who successfully complete the applications/safety & regulations training course are issued Identification Cards valid for 3 years. At the end of these periods, holders will be required to complete another course for renewal.

The training is formatted such that attendees may take all or part of the course. Each major section of training is tested at the time of completion. Class space is limited and by reservation only. You will need to make your class reservation early. Special unscheduled classes may be arranged if your company can provide six people to fill the class.

Available courses subjects and durations are as follows:

- Compact Series, Alpha 1000& LNX Course – 2 days duration (Tuesday and Wednesday)
- Applications/Safety & Regulations Course – 1 day duration (Thursday)
- Alpha 1500 Course – 1/2 day duration (Friday)

The cost to the customer is as follows:

- Base course cost – \$1,975.00 per day of training. For up to 8 students.
- Any student number over 8 is an additional \$75.00 per student
- \$100.00 per Manual
- Actual instructor travel costs – Hotel, airfare, vehicle mileage, meals, car rental, parking, gas, and miscellaneous expenses plus \$550.00 per travel day
